Special Bulletin

INFORMATION WANTED

On September 7, 1969, the remains of an unidentified female were recovered from a shallow grave off Interstate 5 in Castaic, approximately 19 miles south of Gorman. The victim had long, light brown hair and she was estimated to be between 19 and 25 years of age. She was wearing the above pictured mini-dress or blouse, which was white or light beige in color with a dark brown check and floral pattern. The fabric was an eyelet-type weave and it was lined in beige.

The size 9 1/4 white metal ring pictured above was found near her grave. The ring was manufactured by James Avery Jewelers, which has stores in TX, OK, GA, LA, and CO. The ring was most likely purchased in Texas, near the Kerrville, Austin, or Dallas area. The inside of the ring contacted a stamped insignia with three candles.
